

PT SERIES
Self-Priming Pumps

PIONEER PUMP, INC.

Pride in Performance

High Performance Pumps, Quality People,

**When pumps are required to Perform,
Pioneer Pumps stand up to the challenge.**

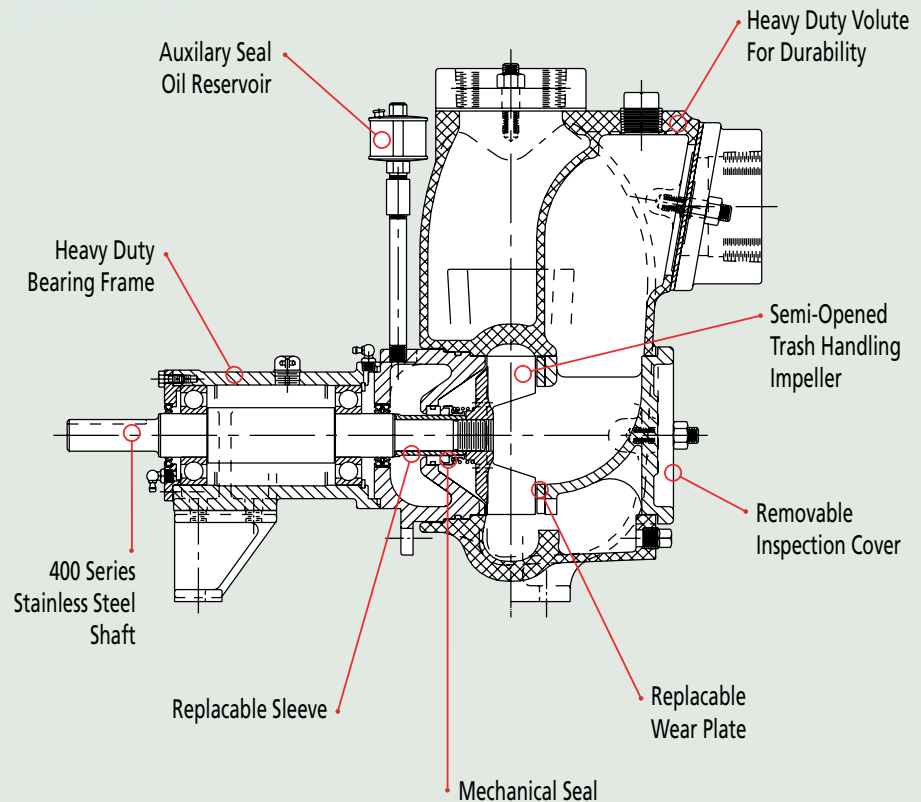

**PT3050
(Diesel Package)**

Pioneer Pump builds high performance pumps at competitive prices, providing low running costs, ease of maintenance and unrivalled ability to get the job done. The PT Series self-priming pumps are no exception. Pioneer PT

Series self priming pumps are designed for reliable, efficient liquid transfer. After initial priming, they will continue to re-prime automatically. The PT Series pumps are offered in variety of configurations and metallurgies.

Features:

- Simple, reliable priming
- Special metal options
- Configurations include: frame mounted, electric package, diesel and gasoline packages
- Heavy wall construction
- Readily available
